## Key features

- Unloaded snap-in DIN rail module for a single keystone RJ45
- Compatible with Solarix -SA and -NA series keystones
- Very easy and quick installation
- Thanks to the removable blank side plugs, the modules can be installed next to each other in any number
- The metal spring of the module is used to hold it firmly in place and, in case of shielded cabling, to connect the keystone shielding with the DIN rail for proper ground termination
- The module is equipped with a label field, which allows for clear marking, and a protective RJ45 port blinder
- The colour of the module is grey
